

New Source Review newspaper advertisements for construction permit applications, October 16, 2008. The following public notices have been published in the newspapers listed below each advertisement. These newspaper advertisements for construction permit applications were published on one of the following dates: October 14, October 15, or October 16, 2008. Public notices are generally published every two weeks. The previous publication of public notices was October 2, 2008.

PUBLIC NOTICE

The Tennessee Division of Air Pollution Control (TDAPC) has received requests for construction and/or modification of air contaminant sources as noted below. The proposed construction and/or modification is subject to part 1200-3-9-.01(1)(h) of the Tennessee Air Pollution Control Regulations, which requires a public notification and 30-day public comment period. Interested parties may express their comments and concerns in writing to Mr. Barry R. Stephens, Director, Division of Air Pollution Control, 9th Floor, L & C Annex, 401 Church Street, Nashville, Tennessee 37243-1531 within thirty (30) days of the date of this notice. Questions concerning a source may be addressed to the assigned Division personnel at the same address or by calling 615-532-0554.

Individuals with disabilities who wish to participate should contact the Tennessee Department of Environment and Conservation to discuss any auxiliary aids or services needed to facilitate such participation. Such contact may be in person, by writing, telephone, or other means, and should be made no less than ten days prior to the end of the public comment period to allow time to provide such aid or services. Contact the Tennessee Department of Environment and Conservation ADA Coordinator, 12th Floor, 401 Church Street, Nashville, TN 37243, 1-866-253-5827. Hearing impaired callers may use the Tennessee Relay Service, 1-(800)-848-0298.

The applicant is Nuclear Lead Co., Inc. with a mailing address of 1007 Alvin Weinberg, Oak Ridge, Tennessee 37830. They seek to obtain an air contaminant permit (Division identification number: 01-0162-01/62387) for four existing natural gas-fired furnaces located at the same address. These furnaces are used for melting lead. The requested modification is to increase the material input rate for each of the four furnaces. Because of the amount and type of emissions, the use of air pollution control equipment is not proposed. There would not be physical construction. Regulated air contaminants are emitted by this source. Ms. Hymelia Craig is the assigned Division person.

For Anderson County *Oak Ridger* -- published once on or before Thursday, October 16, 2008.

The applicant is EQ Mobile Recycling Services, Inc. with a mailing address of 540 Independence Blvd., Mt. Airy, NC 27030. They seek to obtain an air contaminant permit (Division identification number: 30-0196-01/62380) for construction of a Mobile Recycling Operation at 920 Potterstown Road, Greenville, TN 37809. This proposed operation would consist of portable solvent recovery operation with one diesel generator. It is a closed loop solvent recovery by distillation. Because of the amount and type of emissions, the use of pollution control equipment is not proposed. There would be no physical construction. Regulated air contaminants would be emitted by this source. Ms. S. Shajikumar is the assigned Division person.

For the Greene County *Greeneville Sun* -- published once on or before October 19, 2008.

The applicant is Ready Mix USA with a mailing address of P. O. Box 2389, Knoxville, TN 37901. They seek to obtain an air contaminant permit (Division identification number 53-0169-01/62354) for construction of a Concrete Batch Plant Operation located at 7303 Corporate Park Drive, Loudon, TN 37774. This proposed operation would consist of gravel, crushed rock and sand stockpiles, a cement silo, a mixer, and associated equipment used to produce ready-mix concrete. A baghouse would be used for pollution control. There would

be physical construction. Regulated air contaminants would be emitted by this source. Mr. Moe Baghernejad is the assigned Division person.

For the Loudon County *News-Herald* -- published once on or before Thursday, October 16, 2008.

The applicant is Citizen Gas Utility District of Scott and Morgan Counties with a mailing address of P. O. Box 68, Deer Lodge, TN 37726. They seek to obtain an air contaminant permits for the following locations in Morgan County:

- 1) (Division identification number: 65-0052-01/62323) for modification of a Natural Gas Compressor with a Natural gas Engine located at Brewestertown Road, Burrville, TN 37872. This existing operation consists of a 600 HP natural gas compressor with a natural gas internal combustion engine, and associated equipment used to transfer natural gas to different location through gas pipeline. The requested modification is to increase heat input rate from 1.6 MMBtu/hr to 5.5 MMBtu/hr. Because of the amount and type of emissions, pollution control equipment is not proposed. There would be no physical construction. Regulated air contaminants are emitted by this source. Mr. M. Baghernejad is the assigned Division person.
- 2) (Division identification numbers: 65-0051-01/62324) for modification of a Natural Gas Compressor with a Natural gas Engine located at Burrville Road, Sunbright, TN 37872. This existing operation consists of a 600 HP natural gas compressor with a natural gas internal combustion engine, and associated equipment used to transfer natural gas to different location through gas pipeline. The requested modification is to increase heat input rate from 1.6 MMBtu/hr to 5.5 MMBtu/hr. Because of the amount and type of emissions, pollution control equipment is not proposed. There would be no physical construction. Regulated air contaminants are emitted by this source. Mr. M. Baghernejad is the assigned Division person.

For the *Morgan County News* -- published once on or before Thursday, October 16, 2008.

The applicant is Citizen Gas Utility District of Scott and Morgan Counties with a mailing address of P. O. Box 68, Deer Lodge, TN 37726. They seek to obtain an air contaminant permit (Division identification numbers: 76-0083-01/62325) for construction of a Natural Gas Compressor with a Natural gas Engine located at Rock Branch Loop Road, Huntsville, TN 37872. This proposed operation would consist of a 115 HP natural gas engine used to drive a compressor to gather natural gas from local gas fields. Because of the amount and type of emissions, pollution control equipment is not proposed. There would be physical construction. Regulated air contaminants would be emitted by this source. Mr. M. Baghernejad is the assigned Division person.

For the *Scott County News* -- published once on or before Thursday, October 16, 2008.

The applicant is Heritage Custom Woodworking with a mailing address of 830 Lohman Road, Sevierville, TN 37876. They seek to obtain air contaminant permits for air contaminant sources located at 1640 Allensville Road, TN 37876, as follows:

- (1) Woodworking Operation (Division identification number: 78-0206-01/61806). This existing operation consists of one rip saw, several other saws, sanders, wood shapers and other equipment used to produce pieces for wood cabinets. A cyclone is used for pollution control. There would be no physical construction. Regulated air contaminants are emitted by this source. Ms. Sunanda Shajikumar is the assigned Division person.
- (2) Surface Coating Operation (Division identification number: 78-0206-02/61850). This existing operation consists of a spray booths and associated equipment used to coat wooden cabinets. Exhaust filters are used for

pollution control. There would be no physical construction. Regulated air contaminants are emitted by this source. Ms. Sunanda Shajikumar is the assigned Division person.

For the Sevier County *Mountain Press* -- published once on or before Thursday, October 16, 2008.

The applicant is Norcom of Tennessee, Inc. with a mailing address of 155 Churchill Drive, Sparta, TN 38583. They seek to obtain a construction permit (Division identification number: 93-0067-01 / 62339) to change the current status of Conditional Major Source to a Title V Major Source facility for their Fiberglass Reinforced Polyester Fixture Manufacturing Operation. The issuance of a Title V permit for this facility is mandated by the 1990 federal Clean Air Act. The Act requires the issuance of a federally enforceable operating permit to facilities whose potential air emissions are greater than the Title V threshold levels. The State of Tennessee has the authority to issue Title V permits delegated by the U.S. Environmental Protection Agency. The purpose of a Title V operating permit is to identify and record the existing substantive requirements applicable to regulated sources, and to assure compliance with those requirements. This existing operation consists of six spray booths for their Fiberglass Reinforced Polyester Fixture Manufacturing Operation. Exhaust filters are used for pollution control. There would be no physical construction. Regulated air contaminants are emitted by this source. Mr. Younes Aleali is the assigned Division person.

For the White County *Sparta Expositor* -- published once on or before October 16, 2008.

The applicant is Kroger Fuel Center L-588 with a mailing address of 10168 Linn Station Rd, Louisville, KY 40223. They seek to obtain an air contaminant permit (Division identification number: 94-0316-01/62373) for construction of a Gasoline Dispensing Facility located at 4700 Traders Way, Thompson's Station, TN 37179. This proposed operation would consist of three (3) underground tanks and twelve (12) gasoline nozzles. Stage I and Stage II vapor recovery would be used for gasoline emission control. There would be physical construction. Regulated air contaminants would be emitted by this source. Mr. W. Collins is the assigned Division person.

For the Williamson County *Williamson AM* -- published once on or before Thursday, October 16, 2008.
